The Line – An Australian Government Initiative

Sometimes there's no argument about where to draw the line - there are some things you should just never do. Sometimes the line can be blurry. For more advice on what is and isn't considered acceptable behaviour, as well as some terrific resources for parents and guardians, visit www.theline.gov.au.

Social Media

Speedway Australia encourages participation in online social media in a positive manner. The accessible nature of the internet however, can lend itself to the posting of threatening and derogatory material in the heat of the moment.

Once your thoughts and comments are published to the internet they are visible to the world - and they are permanent. Speedway Australia takes all cases of cyber bullying seriously and will treat online matters as it would 'real world' bullying.

Breaching the code of conduct or bringing the sport into disrepute online can lead to serious consequences, including tribunals, suspensions and the cancellation of the offender's Speedway Australia licence.
